

UTAH

# Antlerless

ADDENDUM

2008

# A fun hunt

Utah's 2008 Antlerless hunt removes the high-pressure, trophy-animal focus from

hunting. It gives everyone—especially young and first-time hunters—a chance to hone their skills and have fun outdoors. This year, permits are available for antlerless deer, elk and moose as well as doe pronghorn.

Your commitment to hunting is about more than putting meat on your table. It gives you a chance to spend quality time with family and friends in some of our country's wildest and most beautiful places.

Utah recognizes and appreciates your investment in our amazing wildlife. Your participation in the antlerless hunt will help keep populations at ideal levels and contribute toward the long-term management and success of these species.

There are some important dates to keep in mind if you plan on applying for an antlerless permit. All of these dates are highlighted on pages 10–11 along with the basics on applying for a permit, amending an application and learning the results of the antlerless drawing.

As you use this guide, please be aware that it's an addendum to Utah's Big Game guidebook. It summarizes the rules and laws that regulate antlerless hunting in Utah and provides a short, ready reference for hunters. Further review of the rules and laws for the taking of antlerless game in Utah is advised. You can access these rules and laws at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules) or at the nearest Division office.

## HIGHLIGHTS

**Hunting license required:** Before you can apply for a 2008 antlerless permit, bonus point or preference point, you must have a valid Utah hunting or combination license. Both types of licenses are valid for 365 days from the date of purchase. It's easy to buy your license online during the application process—simply visit [wildlife.utah.gov](http://wildlife.utah.gov) and click "Apply online for available hunt drawings." You can also purchase your hunting or combination license by calling 1-800-221-0659.

**Apply for permits online or by phone:** If you plan to hunt antlerless game in Utah this year, you must apply for a permit online or by phone no later than June 30, 2008. There's an 11 p.m. deadline for online applications and a 5 p.m. deadline for phone applications. To apply, simply visit [wildlife.utah.gov](http://wildlife.utah.gov) or call 1-801-538-4700.

**Application amendment cost:** You can make changes to your permit application by submitting your request in writing by July 2, 2008. If you amend your application, you will be charged \$25. For more information, please see page 11.

**Opportunity for youth:** Twenty percent of the antlerless permits have been reserved for hunters 18 or under. For more information, please see page 9.

**Nonresident antlerless CWMU permits:** Nonresidents can no longer apply for or obtain antlerless CWMU permits through the antlerless drawing. This change has been made to give residents a better chance at drawing and to ensure consistency with the Division's big game policy. Nonresidents may still purchase CWMU permits directly from the CWMU owner or operator.

**Permit restriction:** If you drew a pronghorn permit or a moose permit in the 2008 big game drawing, you may not apply for a doe pronghorn

permit or an antlerless moose permit, respectively.

**Multiple elk permits:** You may obtain two elk permits—provided one or both of the permits are antlerless—but you can only apply for or obtain one antlerless elk permit in the drawing. You may obtain two elk permits in any one of the following combinations:

- One bull elk permit and one antlerless permit
- Two antlerless permits
- One hunter's choice permit and one antlerless permit

For the purposes of obtaining two elk permits, a hunter's choice elk permit is considered a bull elk permit. Eligible hunters may purchase additional antlerless elk permits after the drawing, beginning July 22, 2008. The permits will be available on a first-come, first-served basis through license agents, Division offices and online at [wildlife.utah.gov](http://wildlife.utah.gov). See page 11 for details.

**Boundary maps now online:** The hunt boundary maps and descriptions are only available online. You can find them at [wildlife.utah.gov/maps](http://wildlife.utah.gov/maps). A detailed boundary description will also be printed on your permit.

**Corrections:** If errors are found in this addendum after it is printed, the Division will correct them in the electronic copy that is posted online. Visit [wildlife.utah.gov/proclamations](http://wildlife.utah.gov/proclamations) to view all of the Division's guidebooks and proclamations electronically.

**Protection from discrimination:** The Division receives federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of

race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information, please write to:

The U.S. Fish and Wildlife Service  
Office for Diversity and Civil Rights  
Programs—External Programs  
4040 North Fairfax Drive, Suite 130  
Arlington, VA 22203

**Private lands:** The Division cannot guarantee access to any private land, including land that is cultivated or properly posted. If you plan to hunt—or engage in any other wildlife-related activities—in an area made up of all or mostly private lands, you must obtain WRITTEN permission from the landowner or the landowner's authorized representative. To learn more, please see the information box on page 7.

**Division funding:** The Division is mostly funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting- and fishing-related equipment.

# KEY DATES

## Apply online

Applications available	June 2, 2008
Application deadline	June 30, 2008
Drawing results available	July 15, 2008
Remaining permits available	July 22, 2008

For drawing results, call Utah Wildlife Administrative Services toll-free at 1-800-221-0659 24 hours a day, 7 days a week or go online: [wildlife.utah.gov](http://wildlife.utah.gov). To protect your privacy and to comply with changes in governmental records access laws, you'll receive access to only your own drawing results.

## Season dates

Season dates vary. See tables on pages 19-32 for season date listings.

# PERMIT FEES

Permit	Res.	Nonres.
Antlerless deer	\$25	\$88
Two-doe deer	\$40	\$166
Antlerless elk	\$45	\$213
Doe pronghorn	\$20	\$88
Antlerless moose	\$208	\$708
CWMU antlerless deer	\$25	\$88*
CWMU two-doe deer	\$40	\$166*
CWMU antlerless elk	\$45	\$213*
CWMU doe pronghorn	\$20	\$88*
CWMU two-doe pronghorn	\$40	\$166*
CWMU antlerless moose	\$208	\$708*

\*Nonresidents may only obtain CWMU permits through the CWMU operator. See hunt tables for a list of CWMU operators.

## Don't Lose Your Hunting and Fishing Privileges

If you commit a wildlife violation, you could lose the privilege of hunting and fishing in Utah. The Utah Division of Wildlife Resources can suspend the license of anyone who knowingly, intentionally or recklessly violates wildlife laws. Your license can be suspended for a wildlife violation if:

- You are convicted.
- You plead guilty or no contest.
- You enter a plea in abeyance.

You will be notified of any action against your privilege after criminal proceedings conclude. And remember, if your license is suspended in Utah, you might not be permitted to hunt or fish in other states as well.

## WHY AN ANTLERLESS HUNT?

The word is out: Utah has some of the finest big game animals in the nation.

In addition to hunting high-quality antlered animals, you can also pursue and harvest a variety of antlerless big game. These animals include antlerless deer, elk and moose, as well as doe pronghorn.

Why does Utah offer this hunt? Contrary to rumor, it's not about license sales. There are actually two main reasons for the antlerless hunt: population control and depredation.

### Keeping populations under control

In Utah, we believe that all wildlife is valuable. That's why the Division takes a conscientious and scientific approach to wildlife management.

For all big game, we routinely track population growth against available food and habitat. We also take other factors into account, such as livestock that might be grazing the same area.

When big game herds approach or exceed population objectives, we authorize antlerless hunts. These hunts primarily target female animals and help ensure that populations remain at sustainable, manageable levels.

By keeping populations in check, we can also limit damage to habitat and prevent overconsumption of available forage. The many hunters who participate in big game and antlerless hunts help greatly with this effort.

### Helping landowners avoid property damage

People are usually thrilled to see wildlife—unless it's eating their landscaping or getting into the hay they put aside for their own livestock.

And it's a problem that extends beyond grazing and property damage. These animals are large, powerful and wild. They could seriously injure or even kill humans that get too close.

Deer, elk and moose that start looking for food in residential or agricultural areas can pose a big problem for landowners.

This depredation is another reason the state of Utah offers an antlerless hunt. We track areas where there are high instances of big game eating farmers' hay and getting into the feed left for livestock. We often increase hunt numbers in these areas to try to minimize or eliminate the problem.

### A great opportunity for youth

The antlerless hunt is actually one of the best big game hunts for young hunters.

A full 20 percent of antlerless permits are set aside for youth that are 18 or under. This provides young hunters with a very good chance at drawing a permit.

These youth can also get some experience in the field and learn to respect and appreciate animals for the food they provide.

### Going antlerless in Utah

Antlerless hunts give you a great excuse to get outdoors and pursue some of Utah's most exciting wildlife.

And if your hunt is successful, there's a wider benefit than a tasty roast or steak. You've also helped keep antlerless populations in check or prevented an animal from damaging someone's property or livelihood.

# LICENSES AND PERMITS

Obtaining a hunting license and an antlerless permit are the first steps toward enjoying Utah's 2008 Antlerless hunt. This section explains age requirements, outlines which permits are available and describes how hunters can apply for this year's hunt.

## Age requirements

*Utah Admin. Code R657-5-4 and Utah Code 23-19-22*

Before you can buy a hunting license and apply for an antlerless permit, you must meet the following requirements:

- Successfully complete the state's Hunter Education course. (This requirement only applies to hunters born after December 31, 1965.) To learn more, visit [wildlife.utah.gov/huntereducation](http://wildlife.utah.gov/huntereducation)
- Be at least 12 years old by your hunt date.

**Note:** If you're 11 years old, but you'll be 12 by December 31, 2008, you may apply for and obtain an antlerless deer, antlerless elk or doe pronghorn permit this year. However, you cannot use that permit until your 12th birthday, so be sure to check the hunt dates before applying. All sales are final.

## Get written permission before you apply

If you want to hunt on private property, you must obtain written permission from the landowner before you can hunt. For this reason, it's a good idea to obtain written permission from the landowner before you apply for a permit. If you obtain written permission in advance, you know you'll be able to use the permit if you draw it.

The Division cannot guarantee access to private land, and the agency does not have the names of landowners who own property where hunts occur.

Hunts that occur mostly on private land are indicated by an asterisk in the hunt tables beginning on page 19.

## Adults must accompany young hunters

*R657-5-26*

While hunting big game, a hunter under the age of 16 must be accompanied by his or her parent or legal guardian. The parent or guardian can also authorize a responsible person 21 years of age or older to take the young person hunting.

The Division encourages adults to be familiar with Hunter Education guidelines or to complete the Hunter Education course before accompanying youth into the field.

While in the field, the youth and the adult must remain close enough for the adult to see and provide verbal assistance to the young hunter. Using electronic devices, such as walkie-talkies or cell phones, does not meet this requirement.

## Antlerless permits

*Utah Admin. Code R657-5-57*

Your best chance—and often your only chance—to obtain a Utah antlerless permit is through the state's antlerless drawing. You can apply for all of the following antlerless permits:

- One antlerless deer permit (except in areas where two-doe permits are available)
- One antlerless elk permit
- One antlerless moose permit
- One doe pronghorn permit (except in areas where two-doe permits are available)

**Note:** If you drew a pronghorn permit or a moose permit in the 2008 big game drawing, you may not apply for a doe pronghorn permit or an antlerless moose permit.

## Antlerless application period

*Utah Admin. Code R657-5-57, R657-5-58 & R657-42*

This year, you have almost an entire month to apply for your antlerless permits. The application period opens on June 2, 2008 and closes on June 30, 2008. Here's what you need to know in order to apply for an antlerless permit, a bonus point or a preference point:

- Before you can apply, you must have a valid Utah hunting or combination license. If you don't already have one of these licenses, you can buy one online when you apply.
- You can apply online at [wildlife.utah.gov](http://wildlife.utah.gov) until 11 p.m. on June 30.

If you need help with your online application, please call 1-801-538-4700 before 5 p.m. on June

30, 2008. A Division employee will be available to help you!

## Antlerless application fees

*Utah Admin. Code R657-5-58, R657-5-60 & R657-42*

There is a nonrefundable \$10 handling fee for each permit, bonus point or preference point you apply for. Handling fees and any donations you've authorized will be charged to your credit or debit card when you apply. Permit fees will be charged after the drawing, if you are successful.

You can use American Express, Discover, MasterCard and VISA credit or debit cards as payment, and they must be valid through August 2008. You can also use a pre-paid credit card. If you have questions about using a pre-paid credit card, check with your financial institution for more information.

## Check your license dates before applying

Are you getting ready to apply for your 2008 antlerless permit, bonus point or preference point? Before you do, take a quick look at the date on your hunting or combination license.

As long as your license is valid on the date you submit your application, you don't have to purchase a new license for the actual hunt. For example, assume that your license expires on June 25, 2008. If you apply before that date, you do not have to purchase a new hunting license for the antlerless hunt in the fall. All hunting and combination licenses are valid for 365 days from the date of purchase.

If your hunting or combination license has expired, you will have the opportunity to purchase a new one when you apply online. It's easy to purchase a new license—simply visit [wildlife.utah.gov](http://wildlife.utah.gov) and click "Apply online for available hunt drawings." You can also purchase your hunting or combination license by calling 1-800-221-0659.

## Applying online is quick and easy!

*R657-5-57*

A visit to [wildlife.utah.gov](http://wildlife.utah.gov) is the fastest way to apply for a 2008 Utah antlerless permit. Applying online provides you with several advantages:

- You can apply from your home, office or any location that has Internet access.
- You can submit your application within minutes and receive an e-mail confirmation that it was received.
- The online application alerts you if you make an error.
- The online application provides you with the correct hunt numbers.
- Drawing results will be sent to your e-mail address.
- You'll receive a reminder the following year about the next antlerless application period.

## Antlerless drawing process

*Utah Admin. Code R657-5-59*

Antlerless permits are drawn in the following order:

1. Antlerless moose
2. Youth permits for antlerless elk, antlerless deer and doe pronghorn
3. Antlerless elk
4. Antlerless deer
5. Doe pronghorn

If any permits remain after permits have been drawn separately for residents and nonresidents, a second cross-over drawing will combine remaining resident and nonresident permits. (For example, if nonresident permits are available for a certain hunt, they will be filled by residents who were unsuccessful in the drawing for the same hunt.)

You will receive mail or e-mail notifying you of drawing results by July 15, 2008. You can also obtain your results by calling 1-800-221-0659.

### Youth antlerless drawing process

*Utah Admin. Code R657-5-59, 23-19-22, R657-5-4*

Twenty percent of the antlerless deer, antlerless elk and doe pronghorn permits are reserved for hunters who will be 18 years of age or younger on August 16, 2008.

If you'll be 18 years of age or younger on August 16, you can participate in the youth drawing by submitting an application as an individual hunter. You won't be included in the youth drawing if you apply as a member of a group.

## Sales final—exceptions

*Utah Code 23-19-38 and Utah Admin. Code R657-42*

Some hunters successfully obtain permits and then realize—for one reason or another—that they won't be able to use those permits. In most cases, the Division cannot refund the cost of the permit, but there are some exceptions. The

Division may provide a refund under the following circumstances:

- The Division or the Utah Wildlife Board cancels the hunt for which you obtained the permit.
- The Division determines that it collected a fee from you by mistake. If you believe the Division collected a fee from you by mistake, please contact the agency. The Division has a committee that reviews these mistakes.
- You become ill or suffer an injury that prevents you from participating in the hunt you obtained a permit for. To receive a

### Applying as a group

*R657-5-26*

Instead of applying as an individual hunter, you and your friends and family can apply together as a group.

Both residents and nonresidents can apply together. However, if you're a Utah resident and you decide to apply with a nonresident, make sure nonresident permits are available for each hunt your group is applying for. If permits are not available for everyone in your group, the entire group will not be allowed to draw for that hunt unit.

Up to four hunters can apply together for antlerless deer, antlerless elk or doe pronghorn permits. Group applications are not accepted for antlerless moose hunts.

Please remember that if you're a youth, and you want to be included among those who draw for the antlerless permits reserved for youth, you must apply as an individual hunter. Do NOT apply as part of a group.

When you apply, all fees for all applicants in your group must be charged to one credit or debit card. If your group is successful in the drawing, all of the applicants in your group who have valid applications will receive a permit.

refund, you must provide verification from a physician of your illness or injury. You must also surrender the permit before the season the permit was issued for ends. You cannot receive a refund if you hunted.

- If you're a member of the United States Armed Forces, or a public health or a public safety organization, you might be eligible for a refund if you're mobilized or deployed in the interest of national defense or emergency, and your mobilization or deployment prevents you from participating in the hunting or fishing activity you bought the license or permit for.

A refund may also be granted if the person

to whom the license or permit was issued dies before they can participate in the hunt.

Please see Utah Code 23-19-38.2 and Utah Admin. Code R657-42 at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules) for more information.

## Important dates for antlerless hunters

*Utah Admin. Code R657-5-57*

### June 2: Apply online

Both residents and nonresidents can apply for a permit at [wildlife.utah.gov](http://wildlife.utah.gov). You can also apply by calling 1-801-538-4700.

To apply for a resident permit, you must be a resident on the date the permit is purchased. July 15, 2008 is considered the purchase date of the

## Residency

*23-13-2(37)*

### *You qualify as a resident if:*

- you have a fixed permanent home and principal establishment in Utah for six consecutive months immediately preceding the purchase of a license or permit, and you do NOT claim residency for hunting, fishing or trapping in any other state or country.

### *You will retain your Utah residency if:*

- you leave Utah to serve in the armed forces of the United States, or for religious or educational purposes, and you do NOT claim residency for hunting, fishing or trapping in any other state or country.

*If you are a member of the armed forces of the United States, you and your dependents are residents as of the date you report for duty under assigned orders in Utah, if:*

- you are NOT on temporary duty in Utah, and you do NOT claim residency for

hunting, fishing or trapping in any other state or country.

- you present a copy of your assignment orders to a Division office to verify your residency.

*If you are a nonresident attending an institution of higher learning in Utah as a full-time student, you may qualify as a resident if:*

- you have been in Utah for 60 consecutive days immediately preceding the purchase of the license or permit, and you do NOT claim residency for hunting, fishing or trapping in any other state or country.

*Your Utah resident license or permit is invalid if:*

- you purchase a resident license for hunting, fishing or trapping in any other state or country.

*You DO NOT qualify as a resident if:*

- you are an absentee landowner paying property tax on land in Utah.

permit and the date by which you must establish residency in the state of Utah. Please see the resident definition on page 10 to learn whether you qualify as a resident.

When you submit your application, you'll be charged a nonrefundable \$10 handling fee for each species or bonus point you apply for. If you haven't bought your license yet, you'll also be charged a license fee. You will not be charged a permit fee unless you draw a permit.

### ***June 30: Hunt application deadline***

Applications for antlerless hunting permits must be submitted through [wildlife.utah.gov](http://wildlife.utah.gov) no later than 11 p.m. on June 30, 2008. If you need help with your online application, please call 1-801-538-4700 before 5 p.m. on June 30, 2008. A Division employee will be available to help you!

### ***June 30: Bonus/preference point deadline***

Applications for a bonus point or a preference point must be submitted through [wildlife.utah.gov](http://wildlife.utah.gov) no later than 11 p.m. on June 30, 2008. Please remember that you must have a hunting license or a combination license to apply for a point.

### ***July 2: Making changes to or withdrawing your application***

*Utah Admin. Code R657-5-62*

You can make changes to your application—or withdraw it from the drawing—by submitting your request in writing by July 2, 2008.

To amend or withdraw your application, obtain an amendment or withdrawal form at [wildlife.utah.gov](http://wildlife.utah.gov) or at any Division office. The form requests all of the information you'll need to change or withdraw your application.

After you've completed the form, make sure you sign it and get your signature notarized. You should then mail your notarized original to the address listed on the form.

If you decide to amend your application, you'll be charged \$25. And please remember that the

handling fees you submitted with your application are not refundable.

### ***July 15: Drawing results available***

You'll be notified of the drawing results by mail or e-mail. You can also learn the drawing results by calling 1-800-221-0659 or by visiting [wildlife.utah.gov](http://wildlife.utah.gov).

If you draw a permit, you'll receive your permit in the mail in August.

Please be aware that if you receive your permit, and then the credit card you used for payment is refused, your permit becomes invalid and you may not participate in the antlerless hunt. If this happens, please call 1-800-221-0659 to resolve the problem.

### ***July 22: Remaining antlerless permits available***

*Utah Admin. Code R657-5-61*

Any antlerless permits remaining after the drawing may be obtained beginning at 8 a.m. on July 22, 2008 at [wildlife.utah.gov](http://wildlife.utah.gov) and from license agents and Division offices. Remaining permits are available on a first-come, first-served basis. You must have a valid hunting license or a combination license to buy one of these permits. You should also note the following requirements:

- You may obtain a maximum of two elk permits. Please see "Antlerless elk hunting" on page 15.
- If you drew a bull elk permit in the Big Game drawing, you may only obtain one antlerless permit—whether you draw it or purchase it after the antlerless drawing.
- If you obtained an antlerless elk permit in the drawing, you may be eligible to buy a second antlerless elk permit over the counter at this time (if any of these permits are still available after the drawing).
- If you did not obtain an antlerless elk permit in the drawing, you may be eligible to purchase up to two remaining antlerless elk permits.

Please note that the hours when license agents are open for business vary; you should

contact the agent you plan to visit before July 22 to learn when they're open for business. A list of license agents is available at [wildlife.utah.gov/licenses/agent.html](http://wildlife.utah.gov/licenses/agent.html).

## Waiting periods

Waiting periods keep successful applicants out of the drawing for a few years, which gives others a better chance at drawing a permit. The antlerless moose hunt is the only antlerless hunt with a waiting period.

## Antlerless moose

*Utah Admin Code R657-5-33*

The waiting period for antlerless moose is five years. However, if you buy an antlerless moose CWMU permit from a private landowner, the waiting period does not apply.

## Permits obtained after the drawing

*Utah Admin Code R657-5-35*

If you're under a waiting period for a certain species, you can still obtain any permit that remains for that species after the drawing, but your waiting period will start all over again.

For example, if you have two years left on your antlerless moose waiting period, and you buy an antlerless moose permit that remains available after the drawing, you'll begin a new five-year waiting period. The new waiting period will prevent you from applying for an antlerless moose permit for the next five years.

## Bonus points

*R657-5-37A*

Bonus points in the antlerless drawing apply to antlerless moose only. A bonus point is awarded for each unsuccessful application to hunt antlerless moose.

An individual who does not want to hunt antlerless moose in the current year may apply for a bonus point only by inserting the appropriate hunt choice code (ANM) on the application and paying the \$10 handling fee.

You must have a current Utah hunting or combination license in order to apply for bonus points.

If you are eligible for an antlerless moose permit, you are eligible to apply for an antlerless moose bonus point.

If you apply for both an antlerless moose permit *and* a bonus point, your application will be rejected.

## How your bonus points work in the drawing

Fifty percent (rounded down) of the permits for each hunt unit number are reserved for applicants with the most bonus points.

You receive one random drawing number for your antlerless moose permit and one for every bonus point you have for antlerless moose. Your lowest random number is used in the drawing.

In the drawing for antlerless moose, applications are sorted into groups by the number of bonus points, from highest to lowest. There's a group for hunters with three bonus points, one for hunters with two bonus points and so forth. Applications are sorted from lowest to highest draw number, and permits are awarded in order.

You may surrender an antlerless moose permit before the season opening date to waive the waiting period and reinstate your bonus points, including a bonus point for the current year (just as if a permit had not been drawn).

The Division began tracking applicants' bonus points for antlerless moose in 2006.

**You cannot apply for a hunt or receive a bonus point if either of the following conditions apply:**

- **You are currently under wildlife license suspension for big game hunting.**
- **You are currently under a waiting period for that species.**

A complete copy of these regulations (R657-5-37A) can be found online at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules).

## Preference points

R657-5-37B

Preference points are used to ensure that applicants who are unsuccessful, or who apply for a preference point in the antlerless drawing for antlerless deer, antlerless elk and doe pronghorn, will have first preference in the next year's drawing for the respective permits.

Preference points in the antlerless drawing apply to antlerless deer, antlerless elk and doe pronghorn hunts only. A preference point is awarded for each unsuccessful antlerless deer, antlerless elk and doe pronghorn application.

An individual who does not want to hunt antlerless deer, antlerless elk or doe pronghorn in the current year may apply for a preference point only by inserting the appropriate hunt choice code (AND, ANE and ANP, respectively) on the application and by paying the \$10-per-point handling fee. The application period is June 2–30, 2008. You must have a current Utah hunting or combination license in order to apply for preference points.

If you are eligible for an antlerless deer, antlerless elk or doe pronghorn permit, you are eligible to apply for a preference point for that hunt.

You cannot apply for *both* a permit and a preference point for the same species.

A preference point will not be issued if an applicant is successful in drawing for the respective permit.

Preference points are not forfeited if an individual obtains a remaining permit.

The Division began tracking applicants' preference points for antlerless deer, antlerless elk and doe pronghorn in 2006.

### How your preference points work in the drawing

In the drawing, the antlerless deer, antlerless elk and doe pronghorn applications are sorted into groups by the number of preference points, from highest to lowest. There's a group for hunters

with four preference points, one for hunters with three preference points and so forth. Within each group of preference points, the applications are then sorted from lowest to highest draw numbers. Permits are awarded in order, based on the hunt choice selected.

Preference points are averaged and rounded down when two or more applicants apply as a group. For example, if hunter A with three preference points and hunter B with zero preference points apply as a group, the preference points are averaged (1.5) and rounded down to one. This process will determine in which group of preference points your application will be considered. Hunters with one preference point will be considered only after all groups or individuals with two or more preference points and before all groups or individuals with zero preference points.

In a second example, if hunter A with one preference point and hunter B with zero preference points apply as a group, the preference points are averaged (0.5) and rounded down to zero. This process will determine in which group of preference points your application will be considered. This group with zero preference points will be considered after all groups or individuals with one or more preference points have been considered.

You may surrender your antlerless deer, antlerless elk or doe pronghorn permit before the season opening date to reinstate your preference points, including a preference point for the current year (just as if a permit had not been drawn).

**You cannot apply for an antlerless deer, antlerless elk or doe pronghorn permit or a preference point if you are currently under wildlife license suspension for big game hunting.**

A complete copy of these regulations (R657-5-37B) can be found online at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules).

## Can you possess a weapon?

It is illegal under Utah Code Section 76-10-503 to possess or use a firearm, muzzleloader, archery tackle, or any other dangerous weapon if you:

- Have been convicted of or are under indictment for any felony offense;
- Are on probation or parole for a felony offense;
- Are on parole from a secure facility;
- Have been adjudicated delinquent (juvenile) in the last seven years of an offense, which if committed by an adult would have been a felony;
- Are an unlawful user of a controlled substance;
- Have been found not guilty by reason of insanity for a felony offense;
- Have been found mentally incompetent to stand trial for a felony offense;
- Have been adjudicated mentally defective as provided in the federal Brady Handgun Violence Prevention Act;
- Have been committed to a mental institution;
- Are an alien who is illegally in the United States;
- Have been dishonorably discharged from the armed forces; or
- Have renounced your United States citizenship.

The purchase or possession of any hunting license, permit, tag or certificate of registration from the Division does not authorize the holder to legally possess or use a firearm, muzzleloader, archery tackle, or any other dangerous weapon while hunting if they are otherwise restricted from possessing these weapons under Section 76-10-503.

## Preventing the spread of Chronic Wasting Disease

*Utah Admin. Code R657-5-69*

If an elk, mule deer or white-tailed deer has been taken from an area in North America that has been diagnosed with Chronic Wasting Disease (CWD), the following are the only parts of the animal you may bring into Utah:

- Meat that is cut and wrapped, either commercially or privately
- Quarters or other portions of meat (no part of the spinal column or head may be attached to the meat)
- Meat that is boned out
- Hides with no heads attached
- Skull plates with antlers attached, but the skull plates must be cleaned of all meat and tissue
- Antlers with no meat or tissue attached
- Upper canine teeth (also known as buglers, whistlers or ivories)
- Finished taxidermy heads

You can learn which areas in North America have been diagnosed with CWD by visiting [wildlife.utah.gov/diseases/cwd/](http://wildlife.utah.gov/diseases/cwd/) or any Division office.

If you're not a resident of Utah, you can transport harvested elk, mule deer and white-tailed deer from areas that have CWD. However, you may not leave any part of the harvested animal in Utah, and you may not stay more than 24 hours in the state. In addition, your deer or elk may not be processed in Utah.

More information about Chronic Wasting Disease can be found online at [wildlife.utah.gov/hunting/biggame/cwd/](http://wildlife.utah.gov/hunting/biggame/cwd/).

## Antlerless deer hunting

Utah Admin. Code R657-5-42

*An “antlerless deer” is a deer without antlers or with antlers five inches or shorter (R657-5-2(2)(a)).*

To hunt antlerless deer, you must first obtain an antlerless deer permit. This permit allows you to use any legal weapon to take one antlerless deer—per antlerless deer tag—in the area and season specified on your permit.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless deer permit for that CWMU.

If you obtain an antlerless deer permit, you may not hunt during any other antlerless deer hunt or obtain any other antlerless deer permit.

### Additional opportunity

There is some flexibility if you are an antlerless deer permit holder who has also drawn one of the following permits:

- General archery buck deer
- General muzzleloader buck deer
- Limited entry archery buck deer
- Limited entry muzzleloader buck deer

If your buck deer permit and antlerless deer permit are for the same area—and you use the appropriate archery or muzzleloader equipment specified for your current hunting season—you may use your antlerless permit during the buck deer season. However, you may not use your buck deer permit during the antlerless season.

## Antlerless elk hunting

Utah Admin. Code R657-5-48

*An “antlerless elk” is an elk without antlers or with antlers five inches or shorter (R657-5-2(2)(b)).*

To hunt antlerless elk, you must first obtain an antlerless elk permit. This permit allows you to use any legal weapon to take one antlerless elk in the area and season specified on your permit.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless elk permit for that CWMU.

You may obtain two elk permits each year, and at least one of those must be an antlerless elk permit. If you plan to obtain two elk permits, please note that a hunter’s choice elk permit is not considered an antlerless elk permit. You may apply for only one antlerless elk permit in the antlerless drawing.

### Additional opportunity

There is some flexibility if you are an antlerless elk permit holder who has also drawn one of the following permits:

- General archery deer
- General archery elk
- General muzzleloader deer
- General muzzleloader elk
- Limited entry archery deer
- Limited entry archery elk

- Limited entry muzzleloader deer
- Limited entry muzzleloader elk

If your buck deer or bull elk permit and your antlerless elk permit are for the same area—and you use the appropriate archery or muzzleloader equipment specified for your current hunting season—you may use your antlerless elk permit during your buck deer or bull elk season. However, you may not use your buck deer or bull elk permit during the antlerless season.

## Doe pronghorn hunting

R657-5-50

*A “doe pronghorn” is a pronghorn without horns or with horns five inches or shorter (R657-5-2(2)(j)).*

To hunt a doe pronghorn, you must first obtain a doe pronghorn permit. This permit allows you to use any legal weapon to take one doe pronghorn—per doe pronghorn tag—in the area and season specified on your permit.

If you already have a 2008 pronghorn permit, you may not apply for or obtain a doe pronghorn permit.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain a doe pronghorn permit for that CWMU.

**Note:** You may only obtain one pronghorn permit—of any kind—during the 2008 season.

## Antlerless moose hunting

R657-5-51

*An “antlerless moose” is a moose without antlers or with antlers shorter than its ears (R657-5-2(2)(c)).*

To hunt antlerless moose, you must first obtain an antlerless moose permit. This permit allows you to use any legal weapon to take one antlerless moose in the area and season specified on your permit.

If you already have a 2008 moose permit, you may not apply for or obtain an antlerless moose permit.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless moose permit for that CWMU.

**Note:** You may only obtain one moose permit—of any kind—during the 2008 season.

## Cooperative Wildlife Management Units

More than 60 percent of the rangelands that Utah's big game animals rely on in the winter are on private land. Unfortunately, this vital winter range is being threatened by human development. If that development continues, Utah's antlerless herds and your chance to hunt them will be greatly reduced.

Utah's Cooperative Wildlife Management Unit (CWMU) program provides incentives to preserve these lands and make them good places for wildlife for years to come.

### *How the program works*

Public hunters can hunt on private lands that are enrolled in the CWMU program. In return, the landowners receive permits they can market to hunters. Without the program, most of these lands would remain closed to the public.

CWMUs comprise more than two million acres of land in Utah. They'll provide more than 1,437 hunting permits for antlerless game in 2008. About 76 percent of those permits are available to Utah residents through the state's antlerless drawing.

### *How to participate*

Before you can hunt on a CWMU, you must first obtain a CWMU permit. This permit is only valid for the CWMU specified on the permit. Only residents may apply for antlerless CWMU permits through the drawing. Both residents and nonresidents can obtain CWMU permit vouchers directly from the landowner or operator.

**Note:** CWMU landowner association members and operators—and their spouses or dependant children—may not apply in the drawing for CWMU permits.

If you obtain a CWMU permit voucher from the landowner, you can redeem it for a permit by mailing the voucher to:

Division of Wildlife Resources  
Front Desk CWMU  
1594 W. North Temple, Suite 2110  
P.O. Box 146301  
Salt Lake City, Utah 84114

Please allow 10 to 14 days for processing if you submit your voucher by mail. You may also redeem your voucher in person at any Division office.

### *Obtain important information*

If you draw a permit to hunt on a CWMU, you must contact the CWMU operator to obtain the following:

- The dates you'll be allowed to hunt within the legal CWMU hunting season framework. Please realize that both you and the

### HUNTING AND OHVs

Off-highway vehicles (OHVs) are a great means of transportation to hunting areas. At the same time, you need to be considerate of other hunters and make every effort to avoid disturbing wildlife.

#### Hunting and OHV Tips:

- Begin hunting only after parking your machine at a designated parking area.
- Know and follow vehicle use regulations for your hunting unit so you don't ruin another hunter's trip.
- Stay on existing roads or trails, and ride ethically to protect natural resources, wildlife habitat and your riding privileges.
- It is illegal to carry loaded firearms on and/or shoot from OHVs.
- Drivers eight through 15 must possess an OHV education certificate to legally drive on public land.
- Drivers 16 and older must have a valid driver's license or an OHV certificate.
- Properly fitted and fastened helmets are recommended for all riders, and are required for those under 18.
- Out of state residents riding OHVs to Utah may need to purchase a non-resident permit. Call 1-800-OHV-RIDE.
- OHVs operated or transported on public lands, roads or trails must be registered.

If you see a hunter violating OHV rules, please contact the Utah Division of Wildlife Resources at 1-800-662-DEER.

Utah State Parks is the state OHV authority, providing access, education, and search and rescue on Utah's trails.

1-800-OHV-RIDE  
stateparks.utah.gov

operator must schedule around each of your individual needs; please be realistic and patient.

- A map of the CWMU showing access points and the acreage you'll be allowed to hunt. A general-reference map for the CWMU is available at [wildlife.utah.gov/maps](http://wildlife.utah.gov/maps). The CWMU should provide the same amount of acreage to both public and private hunters.
- A copy of the CWMU's rules. CWMUs are allowed to develop rules of conduct for their unit. Examples of these rules may include: no preseason scouting; checking into and out of the unit daily; limited vehicle access; no overnight camping; a marksmanship test; and limiting the number of hunting companions. If you fail to abide by these rules, you might be asked to leave the CWMU.

#### ***Complaint process***

If you wish to lodge a complaint against a

CWMU, you should contact the Division immediately. Biologists and conservation officers can supply you with a complaint form, or you can make the complaint in person or over the telephone. Because time is of the essence, you and the operator should make every effort to resolve your issues before they escalate to the Division level.

If your problem cannot be resolved locally, it will be passed to the CWMU Advisory Committee for review and action.

#### **Where are my boundaries?**

Looking for a map and a boundary description for your hunting area? You'll find both at [wildlife.utah.gov/maps](http://wildlife.utah.gov/maps).

The antlerless hunt boundary descriptions aren't in the guidebook this year, but you'll find them on the Web site!
